Carbaryl-Methomyl Back Pocket Qs and As do ds1-page psv.docx

Hey Debby,

Please see my edits to the last paragraphs. If we combine the last two, it's actually down to one page.

<< File: Carbaryl-Methomyl Back Pocket Qs and As_do ds1-page.docx >>

Phil,

I incorporated some of your language in the first 4 sections. Could you look at the last section, "What were the findings?" and see if I got the numbers right? They don't seem to match yours, but I think it is less confusing to list the carbaryl and methomyl findings separately. I have pasted it below for convenience.

Thanks for your help.

No worries, I'll take another look at it. Are there going to be any additionally Q&As regarding the letter that was sent to Pruitt on behalf of the registrants for the first 3 BEs?

I've been driving myself crazy trying to figure out what went wrong here because I obviously sent you the wrong version, not our final.

I am attaching the correct version, but I will now try to reconcile your comments with what I should have sent.

I am so sorry! ... for myself as well as you! << File: Carbaryl-Methomyl Back Pocket Qs and As_do ds1-page.docx >>

Hey Debby,

Please find attached my edits to the consolidated Q&A for carbaryl and methomyl. **Ex. 5 - Deliberative Process**
